EXPERIENCE

TeamAR AR Solutions – Vancouver, BC

UI/UX & Graphic Designer

Aug 2020 – Current

- Worked fully remote in a startup in an agile development environment. Designed web AR applications for 3 companies in education, automation, and healthcare.
- Created 5 user stories and personas, experience, and empathy user journey maps. Turned the data into wireframes and prototypes
- Used Adobe creative suite extensively to deliver pixel-perfect designs and fast-paced instagram videos.
- Collaborated with the marketing team to evolve and refine the product's message.
- Have worked with Google Analytics to conduct A/B tests and increase the average length of stay on the app from 10 seconds to 45 seconds.
- Ensured consistency by defining and adhering to design standards and practiced industry best practices.

PROJECTS
